Subject: RE: Amendments
Date: Monday, June 5, 2023 7:03:27 PM

With minor typographical corrections:

CM Harrison would like a further amendment, I assume it will be friendly, but it is noted below:

Resolved, that priority will be given to residents who receive any existing form of public assistance such as housing assistance (including those on a waiting list for housing assistance), Medicaid, SNAP, or who have dependents eligible for free or reduced price lunch, and that other residents who engage in entrepreneurial work [**work**] will need to demonstrate economic need [**and**] OR hardship to be eligible to participate.

Subject: FW: Amendments

Madame Clerk,

Please find below two amendments to the guaranteed income contract, agenda item CA-21, that will be offered at the table by the following councilmembers:

CM Briggs:

Resolved, that the guaranteed income recipients enrolled in this program shall be city residents.

CM Watson:

Resolved, that priority will be given to residents who receive any existing form of public assistance such as housing assistance, Medicaid, SNAP, or the National School Lunch

Program and that other residents who engage in entrepreneurial work will need to demonstrate economic need and hardship to be eligible to participate.

Thanks!

John

Hi Erica,

Thanks for this, I am comfortable with this. I'd like to add one thing, unless there are objections:

Resolved, that priority will be given to residents who receive any existing form of public assistance such as housing assistance, Medicaid, SNAP, or *the National School Lunch Program* and that other residents who engage in entrepreneurial work work will need to demonstrate economic need and hardship to be eligible to participate.

Subject: Re: Amendments

Okay. Since essentially it would mean introducing a new term - which, at least to me, has odd associations- I would suggest just leaving it out:

Resolved, that priority will be given to residents who receive any existing form of public assistance such as housing assistance, Medicaid, or SNAP, and that other residents who engage in entrepreneurial work will need to demonstrate economic need and hardship to be eligible to participate.

Both of these resolved clauses address my concerns. Thanks for preparing them.

To: Briggs, Erica <EBriggs@a2gov.org>; Song, Linh <LSong@a2gov.org>
Subject: RE: Amendments

How would you like it to be defined?

In the resolution it is already defined like this. What change would make you most comfortable?

The program will target individuals who live in low- and moderate-income households who are also engaged in some form of entrepreneurship, whether it be gig work, an informal business run out of their home or in their neighborhood, or some other more formal business activity.

Thanks,
John

Good evening, Council Members:

I'm writing tonight in support of DC-2 (Resolution Directing the Planning Commission to Prioritize Rezoning of the Plymouth and Washtenaw Corridors to TC1) and DC-3 (Resolution to Dissolve the Council of the Commons).

Thank you for intervening to provide appropriate prioritization guidance to Planning and staff regarding what should be a front-burner policy priority in Ann Arbor. And thank you for acting to dissolve an ineffective, deeply dysfunctional advisory board.

Dear Ms. Kozachenko,

Following up on Councilmember Radina's communication below, I'd like to add my enthusiastic inquiry as well. Your place in Ann Arbor history and LGBTQ history is incredibly important and we would as a community be so proud and delighted to recognize it during our Bicentennial -- educating and inspiring Ann Arborites today and for decades to come.

Although your personal participation would be calibrated to your comfort level, your consent to the venture is obviously a necessary condition to our moving forward and so I would be incredibly grateful for your consideration and your approval. If you'd like to have a conversation and/or Zoom with Travis, me, and/or both so we could sketch for you how a Statutes for Equality project might work, please just us know.

Thank you so much for thinking this over and please do not hesitate to reach out -- 734-

834-3600.

Kind regards,

Christopher

Subject: Honoring Your Legacy in Ann Arbor

Good Afternoon, Kathy -

I hope this message finds you well. It has been a few years since I last reached out – then as President of the Jim Toy Community Center – after connecting with your son through social media. Since then, I have been elected to the Ann Arbor City Council and am currently the only openly-gay councilmember. I know I owe this considerable honor, in part, to your trailblazing campaign and election nearly five decades ago.

I'm reaching out today – as I did previously – because I believe that Ann Arbor should be doing more to honor your legacy. I have had some discussion with our City Clerk about developing a historic plaque for the Council Chambers themselves; however, as Ann Arbor approaches our Bicentennial in 2024 – conveniently the 50th Anniversary of your own election – we have been approached with a couple opportunities to honor you in a much bigger way.

An organization called [Statues for Equality](#) has approached Mayor Christopher Taylor about identifying a historic figure for whom we could commission and dedicate a statue. We quickly came to agreement that you would be an ideal person for this recognition –

along with a potential State of Michigan Historical Marker – to celebrate both our city’s Bicentennial and the coinciding anniversary of your election. We believe there would be considerable community support for such a project – as well as interest from national LGBTQ organizations – like HRC and Victory Fund/Institute.

Before proceeding, however, we hoped connect with you to hear your thoughts and hopefully secure your blessing to move forward. I would be happy to answer any questions you may have by email – or would love to find a time to chat on the phone (my number is [REDACTED]).

I’ve also included Mayor Taylor on this email, should he wish to provide any additional context, as well as our City Clerk and City Administrator, who have been involved in some of these discussions.

I hope to hear from you soon!

All the Best,

Travis

Hi Dharma,

Thank you for the extremely detailed reply!! I'm very glad to hear that there are plans to add more buffered bike lanes outside of the downtown area and slow the speed of cars. I'll be sure to tell my ward 4 friends to support you!

Best,
Matthew

----- Original Message -----

On Jun 4, 2023, 1:24 PM, Akmon, Dharma <DAkmon@a2gov.org> wrote:

Hi Matthew,

Thanks for your email. I'm one of your Ward 4 CMs as well as the Council liaison to the Transportation Commission. I completely agree with you regarding paint only along roads with these speeds. I'm a bike commuter myself and my experience of Stadium is exactly as you describe.

The good news is that, in accordance with our [2021 Comprehensive Transportation Plan](#), we are creating an All Ages All Abilities network throughout the city that calls for different treatments depending on vehicle volume and speeds and we have begun implementing it. One obstacle that I hope will be addressed soon is arrival of a mini street sweeper (estimates are in September) that we have been waiting on to install vertical delineators in buffered bike lanes. We have the delineators ready to go, but staff has stressed the importance of waiting until we can properly maintain these lanes before we install the delineators.

We have (or soon will have) 11 miles of buffered bike lanes outside of downtown ready for this treatment (goal is 5 new miles per year). Here are some examples -we removed vehicle lanes from South Main St and added buffered bike lanes. Delineators will be added (<https://www.mlive.com/news/ann-arbor/2022/01/ann-arbor-continuing-road-diet-experiment-on-south-main->

[street.html](#))

-The [State and Hill Street improvement project](#) will narrow vehicle lanes and on street parking to install buffered bike lanes with vertical delineators

-Packard street from State to Main: has the painted buffered bike lanes and is waiting on delineators.

-[Platt road improvement project](#): in progress. We are removing a vehicle lane and adding in buffered bike lanes with vertical delineators

On a related note, the City is also about to embark on a speed management program along major roads, because speeds are a major factor in serious injuries and death:

<https://storymaps.arcgis.com/stories/d420834d8c4948cc92273500d1092298>.

I really appreciate you sharing your feedback and will continue to push for us to slow vehicle speeds and provide safe, comfortable infrastructure for people walking and biking.

Some people who received this message don't often get email from [REDACTED] [Learn why this is important](#)

This message was sent from outside of the City of Ann Arbor. Please do not click links, open attachments, or follow directions unless you recognize the source of this email and know the content is safe.

Dear City Council,

As a person who bikes around the city, I am tired of being inches away from several ton vehicles traveling at 35, 40, 45 miles per hour, protected by nothing more than a helmet and a line of paint. I am tired of being placed in the blind spots of cars and forced to merge into the car lane without warning. I am tired of my life depending on everyone on the road behaving perfectly all the time.

Please stop adding unprotected, painted-on bicycle gutter lanes. It is my belief that these lanes are actively worse than nothing because they create the illusion of

safety. Instead, please add proper, protected bicycle infrastructure. Ideally, remove at least one car lane in the process. If done right, this would also greatly reduce traffic, prevent the formation of potholes, reduce pollution, and make the experience more pleasant for everyone on the road (including the car drivers). The protected lanes that have recently been added to some streets downtown are a good start, but I would also like to see similar infrastructure added to Washtenaw, Stadium, Packard, and other large stroads (more on stroads here: <https://www.youtube.com/watch?v=ORzNZUeUHAM>).

If you aren't familiar with the YouTube channel NotJustBikes, please watch some of his videos. They are extremely informative and convey much more than I could in an email.

Best,
Matthew Benson

Lisa, Cynthia,

Good evening. I am a Ward 1 resident with some questions about city policy. There is a growing number of people living in tents along the Huron River in between the FullerRoad overpass and the train tracks. I'm not sure if this is within Fuller Park or Mitchell Field or even if it is city land or UM land.

Last week I counted at least four tents and saw several people around a pretty good-sized campfire. I see this as a significant risk, especially with a fire that has the potential to spread very quickly.

I called AAPD to see how they handle situations like this and was told more or less that they know about this area and there isn't much they are able to do unless a crime is committed or the fire actually gets out of control. To me, that seems a little late.

The police told me there are many places like this in the city, where people are encouraged to live.

1. Does the city have a set policy or plan for this situation throughout the city?
2. Is the city allowing and/or encouraging people to live in tents on public land?
3. Do you know this area and know who owns it?
4. How is the council responding to claims that the increase in the homeless population is responsible for the massive increase in crime?

Thanks in advance for the information,
Ken

Hi Travis,

I'm so sorry for the delay; I only work part-time so I have been out of the office. I would be happy to send the QR code and the donation link:

<https://donatenow.networkforgood.org/WashtenawLiteracy>

You can use either, and I will be sure to credit it to the Luncheon. Thank you, again, for being a Table Captain and for attending the luncheon! We are happy to call you a Washtenaw Literacy ally and hope to see you at our future events.

Have a great week,

Piper

This message was sent from outside of the City of Ann Arbor. Please do not click links, open attachments, or follow directions unless you recognize the source of this email and know the content is safe.

Good afternoon everyone,

It has been a week since the Washtenaw Literacy Lifelong Literacy Luncheon, and I wanted to reach out to all of you to thank you for all of your hard work to make it a success. Because of you, we had almost 150 attendees at the Washtenaw Golf Club! Please remember to reach out to all of your guests to thank them for attending, and to tell them that we hope to see them at future events.

I can not stress enough how your work as a Table Captain has helped Washtenaw Literacy raise much needed funds for our programs and spread the importance, and mission, of our organization to members of the community. We have received numerous positive reviews about the event and our speakers, on social media and in-person. I would like to hear from you as well; contact me with any suggestions or comments that could help me continue to improve our events in the future.

I know the time and persistence it takes to fill a table, and I thank you, again, for doing such a wonderful job!

Have a wonderful weekend,
Piper

Greetings to all and hope everyone is enjoying (or at least coping with) the return of summer.

As you know, the Board has proposed that the City and the EDC/AA enter into a Memorandum of Understanding that contemplates a closer working relationship between the two entities. Yesterday agreement was reached on the language of a proposed MOU that would be presented to City Council for its consideration (see attached). This will be done at the Council meeting next Monday (June 5th) at 7:00 p.m. in City Hall. Board members are welcomed to attend or watch.

This message was sent from outside of the City of Ann Arbor. Please do not click links, open attachments, or follow directions unless you recognize the source of this email and know the content is safe.

Hello Mayor Taylor,

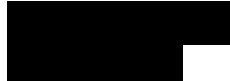

I hope you're doing well. I live in Upper Water Hill, and we recently had a major incident with DTE in our neighborhood. Last week, my wife and I were awoken at 1:50AM to a massive blast and flash of light in our home - we later realized this was associated with power surges to dozens of homes. In addition to losing power for 1-2 days, many of my neighbors and I had their dishwashers, HVAC systems, hot water heaters, solar panels, and other appliances fried in this event.

DTE has long been aware of the infrastructure issue here and does not provide compensation (after spending hours on my submission my claim has already been rejected). A very similar event occurred 4 years ago in the very same area and I have heard the pattern extends even further back than this. Not to mention, some of us on the circuit have had four outages in the past five months - this just does not feel acceptable.

We would love to have some help from you and the city council in getting more definitive fixes for this major safety and reliability. I can put you in touch with other affected residents, if useful.

Sincerely,

Chris Wolff

Subject: june meeting??

hi chris,,,when we talked a while back you said you were planning a meeting on a sunday afternoon in june? any date yet??? not that I am going anywhere,,,still waiting for tribunal to respond to my appealing city's decision to grant me NO relief on tax bill last year,,,and I am afraid there is a biggie coming for july end,
and why is the city increasing water bills now,,,as everything is SO DRY,,,very bad timing, I was able to get federal relief on my absurdly high bills last year,,,and crystal allen...a great person...reviewed my bill and said I was NOT using water in excess...that it is the billing system (tiers) that are killing me,,,,so can't wait to see what the next bill will be, seems obvious that the city doesn't care to help retired seniors on very fixed incomes,,,try a ss monthly payment of \$1000...they made me file for poverty which I am not,,,but really who could live in a house anywhere with only \$28000 to their name,,,I would go thru that in a year of prop taxes, insurances and maintenance fees,,,,enough said,,,,mary hensel

Hi Lisa,

I'm glad you're hearing from folks about downtown parking as it relates to low-income neighbors.

We're going to be hosting a public event for the Catherine project next Friday, June 16th, from 5:30-8pm; the constituent (and you and everyone else!) are warmly welcome to come, listen to where the project is now, and offer comments and ideas for how it can continue to evolve in the future.

The benefit to coming is that representatives from the Housing Commission, Avalon, and the Community Leadership Council will all be present, and it'll be a great time to hear about the neighborhood in a holistic way from all the folks working on it.

I don't think the formal event page is up yet, but it will be shortly, and of course you'll be on the invite list when we send it out and you're welcome to forward that around to everyone. If you'd like to forward her contact information, I can also invite her to the event directly.

Cheers,

Jess

Greetings Mayor Taylor and members of the city council,

My family lives on Olden Rd. in the Upper Water Hill area of Ann Arbor. As I'm sure you're aware, there was another power outage last week that caused considerable damage to expensive appliances and electronics in the homes of many of my neighbors. We are fortunate (but still incredibly disappointed) to have only lost our (new) hot tub in the power surge/outage.

I've lived in many areas of the country in my lifetime and have never experienced this level of insecurity when it comes to energy. Considering the amount we pay in taxes to live in this area, I'm frankly shocked that we don't have more reliable service. The Summer of 2021, we were out of power for a week. This past March in 20 degree temperatures, we were out of power for nearly a week. On May 19th, my husband and I were watching a television show and there was a frightening explosion very close to our house that lit up the sky for seconds. It was terrifying. We had no idea what had happened. My body involuntarily shook for 15 minutes while we sat in darkness. Once again, this past week we awoke to a loud explosion that was followed by a second explosion. Power was out until the following afternoon. What on Earth is going on?? At the very least, an explanation is in order. Or some kind of respectful response to the community acknowledging how these terrifying explosions and outages might be affecting the community and what is being done about it -- if anything.

We are a close knit community here in Upper Water Hill. I've been talking with many neighbors who have lost several thousand dollars worth of appliances. Yes, home insurance is providing reimbursement for the damaged appliances -- but not without raising premiums. Is DTE not liable for our losses? Are these explosions dangerous? What can be done??

Please help,

Shannon Zager
