

Petition In Opposition to the Moravian Zoning Change

We, the undersigned, oppose the Moravian PUD for E. Madison, S. 5th Ave., and S. 4th Ave. This proposed 74,000 SF, five story development does not meet the standard for approving a PUD because it has no public benefit. Specific reasons include the following: 1) the Moravian does not meet a housing need that has been unfulfilled, 2) the Moravian will impede traffic on S. 5th Avenue, which is a major commuter artery, 3) the Moravian will take away more affordable housing stock than it creates (19 units versus 12 units), (4) the Moravian will destroy a historic neighborhood, (5) the Moravian has been pushed forward without adhering to the public participation ordinance, 6) the Moravian is incompatible with the Central Area Plan and it is out of scale with the underlying zoning, and 7) the Moravian is environmentally unsound as it removes green space and porous surface and it is situated in the floodplain and floodway of the Allen Creek.
