Subject: Request for Notification, Development at 2424 E. Stadium

Greetings,

I am a resident at 2137 Medford Rd. I also participate in church service, as well as social service projects, at 1900 Manchester. Both of these are in the area affected by the 2424 E. Stadium development.

I would like to be contacted if the 2424 E. Stadium development is placed on the Planning Commission's agenda.

Both corridor development and housing developments have great potential for long term impact. For this reason, I think it is important to scrutinize detail, even if we all welcome more quantities of attractive housing. For example, I find it disappointing that such a large portion of space at 2424 E. Stadium will be used for parking development...in the year 2021, in a city with progressive climate sustainability goals.

Thank you for including residents like myself!
