REC'D

Effective April 1, 2013, the fees for state issued building, electrical, mechanical and plumbing permits, plan review and premanufactured plan review and other miscellaneous fees will increase. These fee increases reflect the cost for State of Michigan permits and plan reviews (issued by the Bureau of Construction Codes) and do not pertain to any locally enforced construction code programs or their fees. Only those individuals required to pull permits, plan reviews or other services from the Bureau of Construction Codes are affected.

This notice is being provided to you as a courtesy in the event the State provides code enforcement in your community and you keep a supply of State of Michigan permit and plan review applications in your local municipal office for the convenience of your residents. We do ask that if you have any old State of Michigan applications that you replace them with the updated applications located on our website. Copies of these applications may be downloaded from www.michigan.gov/bcc by clicking on the Forms link and then clicking on the appropriate division (i.e. Electrical Division for an Electrical Permit application, Mechanical Division for a Mechanical Permit application, Plumbing Division for a Plumbing Permit application, Plan Review Division for any Plan Review applications, etc).

Should you have any questions regarding the Bureau's fees please contact the Bureau's Office of Management Services at (517) 241-9313.
