Re: Proposed Ordinance ORD-16-04 Rezoning of 0.3 acre at 1335 Hill St.

I and the Alumni Board of Directors have no objection to the planned Renovation and additions made to the property at 1335 Hill St., our neighbor, the Jewish Resource Center. All we ask is that the driveway we share with 1335 Hill be unobstructed throughout the construction so that our fraternity members can use the drive to get to our rear parking lot behind the fraternity house throughout this summer and throughout the duration of the construction. This also applies to The city of Ann Arbor trash trucks which take away refuse from our dumpster. These trucks, as well as emergency vehicles, need full access to this driveway. Our property at 1331 Hill Street has tenants year round, including this summer. This means the entire width of the shared driveway should be unobstructed and not fenced or blocked off. Call me at 734-536-0698, my cell phone, if there are any questions, Thank you.

Sincerely,

  
John Markiewicz
