Subject: Objecting the proposed rezoning on Nixon Farm North/ south
Attachments: Ann Arbor letter of rezoning objection.pdf

Dear Mr. Mayor and all others:

Please see attached to review our objection to the proposed rezoning. I assure you, of helping you make your decision to stop the rezoning of this area.

Great many thanks.

Subject: Nixon Farm properties

Sir or Madam,

My name is Fred Leicher and for 22 years my wife I have lived at 2975 S. Foxridge Ct. on the western border of the south Nixon Farm property. My phone number is 734-904-0471.

I would like to voice my opposition to the proposed re-zoning and development plan. I fully understand the desire to develop the north and south Nixon properties - what I object to are the multi-story structures. With Windemere apartments and Barclay condos east of Nixon, and the hundreds of additional condos to be built immediately north of Barclay, the number of multi-unit structures in the immediate area is already more than ample. Mostly I'm concerned that multi-story structures within 50 feet of S. Foxridge homes will reduce our Foxridge property values and quality of life. I'm sure you can understand that no one wants to stare at a 3-story wall every day. Bottom line, it's just not fair or right.

If I am unable to convince the board to disallow 2-3 story structures, I ask that the board require that all multi-story structures be placed only adjacent to Nixon, and not along the western (Foxridge) border of the south Nixon Farm property.

Please.

Thanks for the consideration.

Fred
