

**Petition in Opposition to Rezoning**

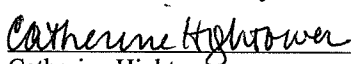

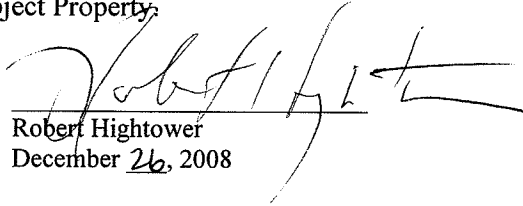

To: Ann Arbor City Clerk

We, the undersigned, own property which is located within 100 feet of the 1.23 acres of property (407 – 437 South Fifth Avenue) which is the subject of the proposed rezoning action (“Subject Property”).

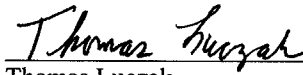

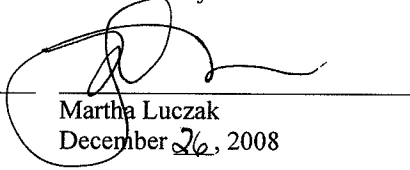

The Subject Property was described in a December 16, 2008 Notice of Public Hearing to Rezone City Place property (R4C to a Planned Unit Development District) which we recently received.

We object to the proposed rezoning of the Subject Property as described in the December 16, 2008 Notice of Public Hearing and protest the same.

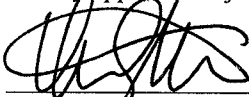

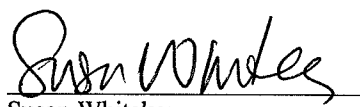

We believe that our combined property ownership constitutes at least 20% of the land within 100 feet of the Subject Property. As such, eight (8) affirmative votes of Ann Arbor City Council should be required to approve the rezoning the Subject Property.

Re: Proposed Ordinance No. ORD-08-39-City Place Zoning

I write to express my opposition to the proposed rezoning of 407-437 S. Fifth Ave., from R4C to PUD.

I am an Ann Arbor resident for fifty-eight years, and I own the property at 500 S. Fifth for forty-two years. Ann Arbor is a jewel of a city. Unfortunately, changes to its character are taking place just to satisfy developers, that are destroying rather than improving our city. Beautiful residential areas with typical Ann Arbor homes are eliminated to be replaced by ugly blocks of apartment houses, without consideration not only to the aesthetic deterioration of the area, but also, creating overcrowding and bringing in our city all the undesirable problems of big cities.

Heavy traffic, and the pollution that comes with it, is one such problem. Ann Arbor was not planned to have a high downtown traffic. South Fifth Avenue is in the heart of downtown. Traffic on Fifth Avenue is already heavy. Coming out of the parking at the back of 500 S. Fifth, sometimes you have to wait several minutes for an opening in the traffic. The projected apartment house will bring at least 150 cars coming in and out of that spot. That is not acceptable. Housing expansion, if indeed Ann Arbor needs it, should take place away from the downtown area.

Ann Arbor was planned to be and is a university town, not a big city. Ann Arbor is the University of Michigan. This is the charm and beauty of our city. If this rezoning and the project requiring the rezoning is allowed to go through, others like it will surely follow and gradually, before you know it, Ann Arbor will be just another overcrowded town you would want to run away from. The only concern of developers is the money in their pockets. But the City Council bears the responsibility of seeing to it that the unique character of our city, a small university town, is preserved. I urge you to vote down the rezoning request.

Sincerely,
