

RE: ZBA15-009

Ms. Gale

I'm writing on behalf of our property adjacent to 3945 S State Street. We own the parcel that is currently leased to Tim Hortons

We are opposed to the signage variance requested. The requested variance is more than double the signage allowable by code.

We feel the signage requested is excessive and out of scale with the site (3945). The petitioner's site has a limited amount of frontage and the signage should be in scale with that.

There is no hardship presented that would provide a basis for the granting of a variance

Regards

John
