Subject: FW: Important Neighborhood Traffic Calming Update
Date: Tuesday, March 3, 2026 3:11:37 PM

Good afternoon,

I wanted to make you aware of an update that was recently sent to all current neighborhood traffic calming petitioners. Please see the message below that was shared with them.

This important update informed petitioners that the Neighborhood Traffic Calming Program will be placed on pause while city staff work to develop an equitable and accessible solution to address the ADA concern that was raised during the most recent Neighborhood Traffic Calming meeting.

Please let me know if you have any questions.

Kalista Opsahl, Transportation Coordinator

Subject: Important Neighborhood Traffic Calming Update

Greetings,

We want to provide an important update regarding the Neighborhood Traffic Calming Program.

The city was recently made aware of Americans with Disabilities Act (ADA) compliance concerns that require further review and action. The city is working diligently to identify an equitable and accessible path forward that aligns with federal requirements while continuing to support neighborhood concerns.

As a result, all traffic calming projects including those currently in queue or in progress will be temporarily delayed while city staff works towards a resolution. We understand the time, effort, and community support that goes into submitting a petition, and we truly appreciate your patience and understanding during this process.

We remain committed to partnering with you and will provide updates as soon as additional information becomes available.

Best regards,

Kalista Opsahl, Transportation Coordinator
