Subject: Public Notice: Ann Arbor Charter Township Seeks Community Input for Non-Motorized Transportation Study

Good morning,

Ann Arbor Charter Township is inviting input from residents, businesses, visitors to the Township, and surrounding municipalities as we develop a Non-motorized Transportation Plan to improve walking, biking, and other active transportation options throughout our area. To help guide this effort, we've created a brief community survey to better understand existing conditions, identify key needs, and gather ideas for improving non-motorized connections. The survey can be accessed at <https://survey.sogolytics.com/r/LheHrm> or by scanning the QR code below. Paper copies are also available at the Ann Arbor Township Hall, 3792 Pontiac Trail. The survey will be available through April 3, 2026.

We also invite you to join us for a community open house on March 21, 2026 from 11:00 to 3:00, at the Morris Lawrence Building, Washtenaw Community College, 4800 E Huron River Drive, Ann Arbor. Registration for the event is encouraged. To register for the event, please visit <https://www.eventbrite.com> and search for "Ann Arbor Charter Township Non-Motorized Transportation Open House". Registered attendees will be entered into a drawing for gift certificates from Wheels in Motion and Ann Arbor Running Company!

Your feedback is a crucial part of creating a more connected and active community. We encourage anyone interested in walking, biking, or sustainable transportation in Ann Arbor Charter Township to take the survey and attend the open house.

For questions regarding the plan or upcoming events, please contact Township Supervisor Diane O'Connell at planning@aatwp.org, or feel free to respond to me and I will do my best to assist you.
