Subject: ZBA18-026

We have received a notice of a public hearing regarding ZBA18-026. We live at 24 Ridgeway and will shortly be moving to 22 Ridgeway. While we understand the concerns about privacy we believe that the argument about helicopter noise is ludicrous. An 8 foot fence would be as intrusive to the neighborhood, in its way, as some of the concerns that led to the request for this variance. We are opposed to it.
