

MEMORANDUM

DATE: January 22, 2025
TO: Ann Arbor City Council
FROM: Christopher Cespedes, Management Assistant
RE: 2025 Transportation Commission Work Plan

Dear Members of City Council,

On behalf of the Transportation Commission, I am pleased to present the 2025 Transportation Commission Work Plan. This document outlines the anticipated agenda items for our monthly meetings throughout the year.

The work plan serves as a strategic guide, developed with input from Commission Members and staff, to highlight key topics for information sharing and discussion. While it is subject to updates as new issues arise, it reflects our current priorities and goals for 2025.

Some highlights of the 2025 work plan include:

- **Traffic Safety Initiatives:** Updates on the Safe Streets for All Project, Speed Management Program, and Vision Zero efforts.
- **Major Projects:** Overviews of critical infrastructure projects, such as the Nixon Corridor Construction, Miller Avenue Project, and the N. Main Street Transportation Study.
- **Collaborative Updates:** Information sharing from partners like the Ann Arbor Police Department, Ann Arbor Public Schools, and the University of Michigan.

The Commission remains committed to engaging with City Council, city staff, and the broader community to advance Ann Arbor's transportation goals. Should there be any specific topics you wish for us to prioritize or explore further, please let us know.

Thank you for your continued support. We look forward to collaborating throughout 2025 to achieve our shared vision for a safe, accessible, and sustainable transportation network in Ann Arbor.

Best regards,
