

**Protest of Proposed Zoning Amendment - 2857 Packard**

~~TIME:~~ Ann Arbor City Clerk and City Council:

We the undersigned property owners *protest* the proposed rezoning of the property at 2857 Packard Rd. to a Planned Unit Development (PUD) zoning district, pursuant to the City of Ann Arbor Unified Development Code, sections 5.29.9.E and 5.29.9.10.E.6.

These sections of the Code stipulate that if the owners of sufficient proximal properties protest the proposed zoning amendment, then adoption of the amendment shall require a supermajority of at least eight affirmative votes of City Council.

We and our neighbors have expressed our concerns regarding the planned development of this site in multiple forums, but with limited engagement from the City. We submit this protest to (a) trigger the above provision of the Code and (b) to encourage the City to slow down the evaluation process and creatively consider alternate plans for the site which better address those concerns.
