Subject: 2525 Ann Arbor Saline Road proposed development

PLEASE do not rezone this land.

It is the wrong fit to put temporary up and coming apartment seekers with permanent family residences.

That is available in the Uptown apartments on Ann Arbor Saline Road. They did a nice job with those apartments, and not interrupted long-term family residences plus a much better job than this proposed development.

The congestion, huge increase in traffic problems, sewer issues this project will create destroys quality of life the seniors and families enjoy living in this area. Consider the people that have been living in the area for years. The people this project attracts are short term, that will come and go.

Part of the charm of Ann Arbor is the family neighborhoods not apartment high-rises that seem to be appearing all over Ann Arbor.

Again, please do not rezone this land.

Thank you for listening.
