Subject: Plum Market proposal

Dear Wendy,

It is my hope that you all seriously consider not granting the permits for Plum Market to open in Cleary University's site. The traffic is already EXTREMELY dangerous at that Plymouth Road entrance and at the Green Road entrance by CVS. I also want to mention that is where the drive through comes out at CVS and it is frequently blocked by delivery trucks. I would hope that those of you thinking about this come sit through rush hour at this site and you will see this is a bad idea. I am sure Plum Market can find somewhere else. Please forward my concerns to any appropriate parties. Thank you for reading.
