I just heard the question that arose at tonight's Planning Commission meeting about the Citizens Advisory Committee to the DDA. Yes, we are still meeting every month, now in person, along with some Zoom attendees, and we are quite active. Also the Old Fourth Ward Association, a downtown neighborhood, had a very well attended and enthusiastic meeting this evening at St. Andrew's Church on N. Division. We heard a wonderful talk by Ryan Panteleo and Doug Selby about downtown residential projects they are doing. These projects both increase occupancy and sustainability in the Old Fourth Ward. Everyone loved it. The Old Fourth Ward Association just published our spring newsletter. Jeff Crockett, the Communications Officer of the OFW will send all of the Planning Commission our newsletter tomorrow. We are a very involved neighborhood association.

Sincerely,

Chris Crockett, President, Old Fourth Ward Association President, Ann Arbor Historical Foundation.
