Hello,

While the requested variance for 2951 Kimberley Road would result in some of the smallest lots on our street, overall I am in favor of more houses being added to the neighborhood at prices that will be in reach for more families. My concerns -- building too much house on the lot, houses that don't fit in with the neighborhood -- ultimately depend on the taste and consideration of the builder, not the size of the lots. I am not opposed to the board granting this variance.

Thank you,
