Dear Zack,

It is with sincere regrets that I tender my immediate resignation from the Renters Commission. I've enjoyed the interactions and learned a great deal during my brief tenure. When I retired early from corporate life I promised myself extensive international travel. But the pandemic interfered and so I looked to other commitments like the Renters Commission.

Recently I've had a change of heart and have begun to plan travel engagements. Starting with an immediate two month stay in Hilton Head to escape AA winter, brush up on my Spanish and fine tune this year's travels. This schedule will not allow me to devote the time and thought required by the commission.

I wish you and the commission great success in your endeavors.

Sincerely,  
AJ Redmond
