Building Design Requirements on Primary and Secondary Streets

1. Materials

Buildings and additions constructed after October 25, 2017, on lots zoned D1 or D2 that have primary or secondary street frontages shall comply with the following building design requirements:

- a. The following materials are permitted on facades visible from primary or secondary streets: wood, glass, brick, cut stone, cast stone, exterior insulation finishing systems, or high quality, finished metal, such as architectural grade cast or machined steel.
- b. The following materials are prohibited on facades visible from primary and secondary streets: aluminum or vinyl siding, or an exterior insulation finishing system, except for minor design accents eight feet above the level of the adjacent Sidewalk.

Subject: motion for amendment on B-2

Ms. Beaudry,

I plan to move to amend B-2 with the following if you could circulate at the appropriate time:

C. Building Design Requirements on Primary and Secondary Streets

1. Materials

Buildings and additions constructed after October 25, 2017, on lots zoned D1 or D2 that have primary or secondary street frontages shall comply with the following building design requirements:

- a. The following materials are permitted on facades visible from primary or secondary streets: wood, glass, brick, cut stone, cast stone, exterior insulation finishing systems, or high quality, finished metal, such as architectural grade cast or machined steel.
- b. The following materials are prohibited on facades visible from primary and secondary streets: aluminum or vinyl siding, or an exterior insulation finishing system, except for minor design accents eight feet above the level of the adjacent sidewalk.

Thank you!

Dharma

Subject: In Support of the Resolution to protect natural features in our Comprehensive Plan
Date: Monday, April 21, 2025 8:25:41 PM

You don't often get email from [REDACTED] [Learn why this is important](#)

This message was sent from outside of the City of Ann Arbor. Please do not click links, open attachments, or follow directions unless you recognize the source of this email and know the content is safe.

Dear Jenn,

Dear Council Member Jenn Cornell,

I just wrote to the Environmental Commission and asked them to please pass the Resolution Recommending Inclusion of Natural Features Sustainability in Ann Arbor City Planning and Development. I also asked them to pass along their recommendation to the city council.

We need to:

- Incorporate the existing Natural Features Master Plan (NFMP) into the Comprehensive Plan,
- Improve the NFMP so that it is applied for all types of future land use, not just for developments that require site plans,
- Modify the A2Zero Carbon Neutrality Plan to include actions that address Natural Features and biodiversity, for greater sustainability, and
- Retain and enforce existing regulations that protect trees, shrubs and other vegetation in Historic Districts.

Let's aim to keep Ann Arbor a well-balanced, beautiful place to live.

Thank you!!!

Iris Gruhl
