Subject: 1817 Abbott construction

I am writing to support the proposed construction/zoning exception for 1817 Abbott. We are neighbors at 309 Glendale. We know the proposed alteration will be thoughtfully designed and a beautiful addition that will fit well with the style and community feel of our neighborhood.

Often neighbors move because they need a little more space for a growing family and aren't able to add small spaces into their current homes. We think this zoning exception allows for a small but important addition for our neighbors home and will help keep them in our neighborhood and preserve our close knit community.

We offer our highest level of support for the proposal.

Best ,
