F APPEALS, ACTIONS, AND SHOW CAUSE HEARINGS

F1 [25-0709](#) BBA25-0007 - Appeal for 620 S State, Ann Arbor, MI 48104

M. Lemieux gave the staff report. Recommended denial as work proposed does not meet the standards for approval, the code has not been misinterpreted, the provisions of the code do apply, and the proposed condition is less safe than the minimum requirements of section 1011.5.2 of the 2015 Michigan Building Code. The basis of this appeal suggests, what is proposed is equal or better than what the code requires is not proven as such by the information provided in this appeal. Based on the requirements of the 2015 Michigan Building Code section 1011.5.2 staff recommends the board deny this request and require new construction elements meet the minimum requirements of the 2015 Michigan Building Code as required by the 2015 Michigan Rehabilitation Code for Existing Buildings Section 801.3.

Following discussion between board members, applicant and city staff, K.Cox made a motion to table the appeal until the 5/15/25 BBA meeting while additional reviews take place between applicant and the city. Seconded by B.Hart. Motion carries unanimously.
