Concepts: Values, Millage Rates, and Taxes

- True Cash (or Market) Value:
- dollar value of a property, including land and improvements, adjusted for depreciation
 - likely amount a buyer would pay in an arm's length transaction
 - **property** specific
- Assessed Value (AV):
- 50% of True Cash Value
 - **property** specific
- Equalized Value:
- final assessed value following county (CEV) and state (SEV) equalizations
 - uniform and equitable across/between property classifications and jurisdictions
 - **property** specific
- Taxable Value (TV):
- inflation-limited value that benefits owners due to its relative stability over time
 - resets to equalized value the year following a Transfer of Ownership event
 - **property** specific
- Millage Rate:
- levied against a property's Taxable Value to generate tax dollars
 - commonly set by a vote of the people or by charter
 - applies to each tax collecting **jurisdiction** (e.g., city, township, school, library, county)

$$1 \text{ mill} = \frac{\$1}{1000 \text{ TV}}$$

Example: Calculating Tax Dollars from TV and Millage Rate

TV = 250,000

Rate = 18 mills (non-homestead school rate)

$$250,000 \text{ TV} \times \frac{\$18}{1000 \text{ TV}} = \$4,500 \text{ in taxes}$$

The Headlee Amendment (1978)

Article IX Section 31 of the Michigan Constitution limits the increase in property tax dollars that are generated by taxing jurisdictions by requiring local governments to roll back millage rates **if the total property tax revenue grows faster than the rate of inflation**, as defined in MCL 211.34d.

- Headlee **affects the millage rate side** of the tax bill equation to ensure that each government does not spend above its authority.
- The Headlee Formula analyzes the **total valuations** within a taxing jurisdiction to determine the required **millage reduction fraction** (MRF) for that jurisdiction.

$$(Prior\ Year\ Taxable\ Value - Losses) \times \frac{Inflation\ Rate\ Multiplier\ (IRM)}{Current\ Year\ Taxable\ Value - Additions} = MRF$$

- Prior to Proposal A (1994), Headlee analyzed assessed value. Since Proposal A, the formula incorporates **Taxable Value**.
- If the current year's Taxable Value exceeds the previous year's inflation-adjusted Taxable Value, this will result in a fraction less than 1.0000. When applied to an existing millage, this will reduce or "**roll back**" that millage.
- A millage reduction fraction cannot raise a millage, and so it may never exceed 1.0000.
- Each taxing jurisdiction's calculated MRF can be found on a county's current Form L-4028.
- **Voter approval** is generally required for new millages as well as for **renewing or restoring** a millage beyond its expiration date.
- The inflation rate multiplier (IRM) uses inflation indicators from the national Bureau of Labor Statistics consumer price index; it is calculated by the State of Michigan according to the fiscal year (October through September) and is reported each year via a State Tax Commission bulletin.

2025 Inflation Rate Multiplier = 1.031 (or 3.1%)

The 50 Mill Limitation

Article IX Section 6 of the Michigan Constitution:

“Except as otherwise provided in this constitution, the total amount of general ad valorem taxes imposed upon real and tangible personal property for all purposes in any one year shall not exceed 15 mills on each dollar of the assessed valuation of property as finally equalized. Under procedures provided by law, which shall guarantee the right of initiative, separate tax limitations for any county and for the townships and for school districts therein, the aggregate of which shall not exceed 18 mills on each dollar of such valuation, may be adopted and thereafter altered by the vote of a majority of the qualified electors of such county voting thereon, in lieu of the limitation hereinbefore established. These limitations may be increased to an aggregate of not to exceed 50 mills on each dollar of valuation, for a period of not to exceed 20 years at any one time, if approved by a majority of the electors, qualified under Section 6 of Article II of this constitution, voting on the question.

“The foregoing limitations shall not apply to taxes imposed for the payment of principal and interest on bonds approved by the electors or other evidences of indebtedness approved by the electors or for the payment of assessments or contract obligations in anticipation of which bonds are issued approved by the electors, which taxes may be imposed without limitation as to rate or amount; or, subject to the provisions of Section 25 through 34 of this article, to taxes imposed for any other purpose by any city, village, charter county, charter township, charter authority or other authority, the tax limitations of which are provided by charter or by general law.”
