Elizabeth –

I completely understand, and thank you for letting me know. I'm glad you enjoyed your time on GAC. It was obviously a bit odd under pandemic circumstances, and I hope when you find yourself with increased capacity you might consider serving again – we'd be lucky to have you back!

Take care,
Remy

Hi Remy,

I hope you're having a good fall. I wanted to let you know, I can no longer be part of the Greenbelt Advisory Commission. My schedule has changed over the last few months, and I have to let something go. I have really enjoyed my time on the Commission and appreciate all your hard work. Good luck!

Elizabeth
