Subject: Please support housing abundance, without further delay

"A2 for All" and its housing appendix lay out our problem clearly. We need more housing.

Local conservatives will keep asking us to delay. Delay allows them to keep scaring people, in ways that will be harder once the reality of gradual improvement sets in.

We've already spent a couple years on this. Don't get bogged down in the details; this is a high-level vision, not a zoning map. Please move forward tonight.

Thank you!
