

Vehicle Cooperative Contracts - OAKLAND COUNTY

Before placing an order, please contact the dealer to check current availability. The availability of some models will not continue throughout the entire contract period. (This includes GMC 2500 & 3500 Truck models.)

Contracts are regularly updated; due to amendments that result in extending the expiration dates, increasing monetary limits, or adding additional items and services. Because of this, there are multiple links.

- The Contract Number link will show the original Blanket contract.
- The Vendor's name link will show the current version of the contract as it stands, noting all amendments done in the comments.
- The Vehicle Specs and Price Lists available for each contract, are labeled as such appropriately.
