Subject: 2250 Ann Arbor-Saline "Cut Through" road

Dear Ms. Rampson,

As a Lansdowne homeowner and a parent of a Lawton Elementary School student, I am concerned about plans for the condo development at 2250 Ann Arbor-Saline Rd. to construct a paved "cut-through" road connecting Ann Arbor Saline Rd. and Lambeth Drive.

Whatever the intent of the builder, it is obvious to anyone familiar with Ann Arbor traffic that this road would quickly and inevitably become a shortcut to Scio Church Rd. and Seventh St. at the expense of homeowners and residents along Ascot Rd. and Chaucer Dr. - a quiet neighborhood dating back 50 years.

This shortcut must be stopped in order to maintain the integrity of our quiet neighborhood and the safety of Lawton Elementary School children. I hope I can count on your support to protect our neighborhood and vote against the traffic, noise, pollution and safety hazards that this shortcut would create.

Cordially yours,

Greg Gattuso
