Subject: ZBA22-2022; 912 Mary St

I just wanted to write and say that I am strongly in support of the proposed renovation at 912 Mary Street. The property seems very underutilized in its current layout, and this is a wonderful opportunity to add density to a property within very close proximity to University of Michigan Central Campus. These types of renovations will prevent students from needing to live further away from Campus in the more Residential "Family-oriented" neighborhoods, and add additional Tax Revenue. A "Win-Win" for the City.
