To the Ann Arbor Board of Zoning Appeals,

We, Molly Kleinman and Pieter Kleymeer, the neighbors of Greg and Tracy Berman at 1448 Harpst St., would like to express our support for their proposed front porch addition. We actively support their plans, and have no objection to the project or it's encroachment on the average front setbacks. We live directly across the street from the Bermans at 1447 Harpst St. and have spent many hours looking at their front steps. We can assure you that approving this variance would enhance the property's design and our neighborhood.

Sincerely,

Molly Kleinman and Piet Kleymeer
