For all Subawards - 2 CFR 200.331 – 200.333 Subrecipient Monitoring and Management All pass-through entities must:

A) Ensure that every subaward is clearly identified to the subrecipient as a subaward and includes the following information at the time of the subaward and if any of these data elements change, include the changes in subsequent subaward modification. When some of this information is not available, the pass-through entity must provide the best information available to describe the Federal award and subaward. Required information includes:

(1) Federal award identification.

- (i) Subrecipient name (which must match the name associated with its unique entity identifier)
- (ii) Subrecipient's unique entity identifier
- (iii) Federal Award Identification Number (FAIN)

- (iv) Federal Award Date (see the definition of Federal award date in § 200.1 of this part) of award to the recipient by the Federal agency
- (v) Subaward Period of Performance Start and End Date
- (vi) Subaward Budget Period Start and End Date
- (vii) Amount of Federal Funds Obligated by this action by the pass-through entity to the subrecipient
- (viii) Total Amount of Federal Funds Obligated to the subrecipient by the pass-through entity including the current financial obligation
- (ix) Total Amount of the Federal Award committed to the subrecipient by the pass-through entity
- (x) Federal award project description, as required to be responsive to the Federal Funding Accountability and Transparency Act (FFATA)
- (xi) Name of Federal awarding agency, pass-through entity, and contact information for awarding official of the Pass-through entity
- (xii) Assistance Listings number and Title; the pass-through entity must identify the dollar amount made available under each Federal award and the Assistance Listings Number at time of disbursement
- (xiii) Identification of whether the award is R&D; and
- (xiv) Indirect cost rate for the Federal award (including if the de minimis rate is charged) per § 200.414

(2) All requirements imposed by the pass-through entity on the subrecipient so that the Federal award is used in accordance with Federal statutes, regulations and the terms and conditions of the Federal award

(3) Any additional requirements that the pass-through entity imposes on the subrecipient in order for the pass-through entity to meet its own responsibility to the Federal awarding agency including identification of any required financial and performance reports.

(4) (i) An approved federally recognized indirect cost rate negotiated between the subrecipient and the Federal Government. If no approved rate exists, the pass-through entity must determine the appropriate rate in collaboration with the subrecipient, which is either:

(A) The negotiated indirect cost rate between the pass-through entity and the subrecipient; which can be based on a prior negotiated rate between a different PTE and the same subrecipient. If basing the rate on a previously negotiated rate, the pass-through entity is not required to collect information justifying this rate, but may elect to do so;

(B) The de minimis indirect cost rate.

(ii) The pass-through entity must not require use of a de minimis indirect cost rate if the subrecipient has a Federally approved rate. Subrecipients can elect to use the cost allocation method to account for indirect costs in accordance with § 200.405(d).

(5) A requirement that the subrecipient permit the pass-through entity and auditors to have access to the subrecipient's records and financial statements as necessary for the pass-through entity to meet the requirements of this part,

(6) Appropriate terms and conditions concerning closeout of the subaward.

B) Evaluate each subrecipient's risk of noncompliance with Federal statutes, regulations, and the terms and conditions of the subaward for purposes of determining the appropriate subrecipient monitoring described in paragraphs (d) and (e) of this section, which may include consideration of such factors as:

(1) The subrecipient's prior experience with the same or similar subawards;

(2) The results of previous audits including whether or not the subrecipient receives a Single Audit in accordance with Subpart F of this part, and the extent to which the same or similar subaward has been audited as a major program.

(3) Whether the subrecipient has new personnel or new or substantially changed systems.

(4) The extent and results of Federal awarding agency monitoring (e.g., if the subrecipient also receives Federal awards directly from a Federal awarding agency).

C) Consider imposing specific subaward conditions upon a subrecipient if appropriate as described in § 200.208.

D) Monitor the activities of the subrecipient as necessary to ensure that the subaward is used for authorized purposes, in compliance with Federal statutes, regulations, and the terms and conditions of the subaward; and that subaward performance goals are achieved. Pass-through entity monitoring of the subrecipient must include:

(1) Reviewing financial and performance reports required by the pass-through entity.

(2) Following-up and ensuring that the subrecipient takes timely and appropriate action on all deficiencies pertaining to the Federal award provided to the subrecipient from the pass-through entity detected through audits, on-site reviews, and written confirmation from the subrecipient, highlighting the status of actions planned or taken to address Single Audit findings related to the particular subaward.

(3) Issuing a management decision for applicable audit findings pertaining only to the Federal award provided to the subrecipient from the pass-through entity as required by § 200.521.

(4) The pass-through entity is responsible for resolving audit findings specifically related to the subaward and not responsible for resolving crosscutting findings. If a subrecipient has a current Single Audit report posted in the Federal Audit Clearinghouse and has not otherwise been excluded from receipt of Federal funding (e.g., has been debarred or suspended), the pass-through entity may rely on the subrecipient's cognizant audit agency or cognizant oversight agency to perform audit follow-up and make management decisions related to cross-cutting findings in accordance with section § 200.513(a)(3)(vii). Such reliance does not eliminate the responsibility of the pass-through entity to issue subawards that conform to agency and award-specific requirements, to manage risk through ongoing subaward monitoring, and to monitor the status of the findings that are specifically related to the subaward.

E) Depending upon the pass-through entity's assessment of risk posed by the subrecipient (as described in paragraph (b) of this section), the following monitoring tools may be useful for the pass-through entity to ensure proper accountability and compliance with program requirements and achievement of performance goals:

- (1) Providing subrecipients with training and technical assistance on program-related matters; and
- (2) Performing on-site reviews of the subrecipient's program operations;
- (3) Arranging for agreed-upon-procedures engagements as described in § 200.425.

F) Verify that every subrecipient is audited as required by Subpart F of this part when it is expected that the subrecipient's Federal awards expended during the respective fiscal year equaled or exceeded the threshold set forth in § 200.501.

G) Consider whether the results of the subrecipient's audits, on-site reviews, or other monitoring indicate conditions that necessitate adjustments to the pass-through entity's own records.

(h) Consider taking enforcement action against noncompliant subrecipients as described in § 200.339 of this part and in program regulations.

H) 200.333 Fixed amount subawards

With prior written approval from the Federal awarding agency, a pass-through entity may provide subawards based on fixed amounts up to the Simplified Acquisition Threshold, provided that the subawards meet the requirements for fixed amount awards in §200.201 Use of grant agreements (including fixed amount awards), cooperative agreements, and contracts.

The Grantee agrees to include in every subcontract entered into for the performance of this Agreement this covenant not to discriminate in employment. A breach of this covenant is a material breach of this Agreement.

XII. CONFLICT OF INTEREST

No government employee, or member of the legislative, judicial, or executive branches, or member of the Grantee's Board of Directors, its employees, partner agencies, or their families shall benefit financially from any part of this Agreement.

If all or a portion of this Agreement is funded with federal funds, then in accordance with 2 CFR 200, as appropriate, the Grantee shall comply with the Anti-Lobbying Act, which prohibits the use of all project funds regardless of source, to engage in lobbying the state or federal government or in litigation against the State. Further, the Grantee shall require that the language of this assurance be included in the award documents of all subawards at all tiers.

If all or a portion of this Agreement is funded with state funds, then the Grantee shall not use any of the grant funds awarded in this Agreement for the purpose of lobbying as defined in the State of Michigan's lobbying statute, MCL 4.415(2). "Lobbying" means communicating directly with an official of the executive branch of state government or an official in the legislative branch of state government for the purpose of influencing legislative or administrative action." Further, the Grantee shall require that language of this assurance be included in the award documents of all subawards at all tiers.

XIV. DEBARMENT AND SUSPENSION

Each eligible applicant must obtain a Unique Entity Identifier (UEI) and maintain an active registration with the Federal System for Award Management (SAM). The SAM website is: <https://www.sam.gov/SAM>.

By signing this Agreement, the Grantee certifies that it has checked the federal debarment/suspension list at www.SAM.gov to verify that its agents, and its subcontractors:

Unless otherwise provided in this Agreement or by State law, final payment under this Agreement shall not constitute a waiver of the State's claims against the Grantee.

(C) The Grantee shall immediately refund to the State any payments in excess of the costs allowed by this Agreement.

(D) Any funds received under the authorizing legislation for this program expended by the eligible applicant in a manner that does not adhere to the American Rescue Plan 117-2 or Uniform Guidance 2 CFR 200, as applicable, shall be returned to the state. If it is determined that an eligible applicant receiving funds under this act expends any funds under this act for a purpose that is not consistent with the requirements of the American Rescue Plan, Public Law 117-2, or Uniform Guidance 2 CFR 200, the state budget director is authorized to withhold payment of state funds, in part or in whole, payable from any state appropriation.

XX. CANCELLATION

This Agreement may be canceled by the State, upon 30 days written notice, due to Executive Order, budgetary reduction, other lack of funding, upon request by the Grantee, or upon mutual agreement by the State and Grantee. The State may honor requests for just and equitable compensation to the Grantee for all satisfactory and eligible work completed under this Agreement up until 30 days after

Appendix A provides additional details on eligible uses to ensure it aligns with Treasury's guidance.

- (1) To respond to the COVID-19 public health emergency or its negative economic impacts

Treasury's Final Rule details compliance responsibilities and provides additional information on eligible and restricted uses of SLFRF award funds and reporting requirements. Your organization should review and comply with the information contained in Treasury's Interim Final Rule, and any subsequent final rule when building appropriate controls for SLFRF award funds.

Use of Funds Restrictions:

Recipients are required to establish policies and procedures to manage potential conflicts of interest.

Lastly, recipients should also be cognizant that federal, state, and local laws and regulations, outside of SLFRF program requirements, may apply. Furthermore, recipients are also required to comply with

other federal, state, and local background laws, including environmental laws and federal civil rights and nondiscrimination requirements, which include prohibitions on discrimination on the basis of race, color, national origin, sex, (including sexual orientation and gender identity), religion, disability, or age, or familial status (having children under the age of 18).

Funds were added under sections 602 and 603 of section 9901 of the Social Security Act of section 9901 of Public Law No. 117-2, known as American Rescue Plan Act of 2021 (“ARPA”), signed into law on March 11, 2021 <https://home.treasury.gov/policy-issues/coronavirus/assistance-for-state-local-and-tribal-governments/state-and-local-fiscal-recovery-funds> as the Coronavirus State and Local Fiscal Recovery Funds (“FRF”). The State of Michigan was awarded \$6.54 billion dollars under the Fiscal Recovery Fund, on May 13, 2021.

OMB Uniform Guidance for Non-federal Agencies Receiving These Funds The U.S. Department of Treasury has indicated in the Coronavirus State and Local Fiscal Recovery Fund Frequently Asked Questions that are accessible at U.S. Department of Treasury State and Local Fiscal Recovery Funds, located at <https://home.treasury.gov/system/files/136/SLFRF-Final-Rule-FAQ.pdf>, that the SLFRF awards are generally subject to the requirements set forth in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 CFR Part 200 (the “Uniform Guidance”). All reimbursements requested under this program should be accounted for with supporting documentation. Eligible applicants should maintain documentation evidencing that the funds were expended in accordance with federal, state, and local regulations. In accordance with federal Uniform Guidance, funds received under this program shall be included on the eligible applicant’s Schedule of Expenditures of Federal Awards (SEFA) and included within the scope of the eligible applicant’s Single Audit.

Programs are required to follow the Uniform Guidance provisions that are included in the document. Applicants must review the eCFR Uniform Guidance at <https://www.ecfr.gov/current/title-2/subtitle-A/chapter-II/part-200?toc=1> for complete requirements.

The SLFRF awards are generally subject to the requirements set forth in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 CFR Part 200 (the “Uniform Guidance”). In all instances, your organization should review the Uniform Guidance requirements applicable to your organization’s use of SLFRF funds, and SLFRF-funded projects. The following sections provide a general summary of your organization’s compliance responsibilities under applicable statutes and regulations, including the Uniform Guidance, as described in the 2022 OMB Compliance Supplement Part 3. Compliance Requirements (issued May 12, 2022).

The Award Terms and Conditions of the SLFRF financial assistance agreement sets forth the compliance obligations for recipients pursuant to the SLFRF statute, the Uniform Guidance, and Treasury’s Final Rule. Recipients should ensure they remain in compliance with all Award Terms and Conditions.

PROJECT-SPECIFIC REQUIREMENTS – APPENDIX A

Project Overview:

The City of Ann Arbor (Ann Arbor) has been monitoring per- and polyfluoroalkyl substances (PFAS) concentrations in various stages of their treatment process since it was detected in their source water in 2016. Since this discovery, the 26 filters at the Water Treatment Plant (WTP) have been replaced with granular activated carbon (GAC), but studies have shown that bed depth and filtration rate should be varied to achieve an empty bed contact time of greater than 5 minutes for optimal PFAS removal. Due to filter design, this cannot be achieved in 16 of the 26 filters without operating at 50% of the WTP's capacity.

This project is to replace the filter underdrains in two of the 16 filters with lower-profile underdrains similar to the remaining 10 filters, allowing clearance for at least six additional inches of GAC in each filter to improve PFAS removal efficiency.

EGLE approved estimated project costs include:

Task	Budget
Planning/Design	\$49,112
Construction	\$442,010
Equipment	\$0
Project Cost Subtotal	\$1,291,000*
Total Grant Amount	\$491,122

* Though the project in its entirety is eligible under this grant, the total estimated project cost exceeds the funds currently available in the C2R2 grant program. As a result, the Project Cost Subtotal exceeds the Total Grant Amount.

Indirect costs are not allowed under this agreement.

Grantees must obligate all funds to any subrecipients by December 31, 2024. Therefore, all grantees must have a signed contract in place with all contracted parties for the work to be completed with these grant funds by December 31, 2024. All work pertaining to this project must be completed by December 31, 2026.

Program-specific Requirements:

1. Non-professional contractor services should be competitively bid.
2. A signed contract is needed for contracted services greater than \$50,000 prior to reimbursement.
3. Force account may be utilized with justification documenting the need. Force account fringe benefits are limited to 40 percent and holiday and overtime pay is not grant eligible. Utility indirect costs (rent, overhead, etc.) are not grant eligible. A detailed summary sheet(s) including name, title, hours worked, per hour compensation (show wages and fringes) of each municipal employee with time billed to the project, along with a description of the service the employee provided, is needed for reimbursement.
4. All local, state, and federal permits, if required, must be obtained by the grantee prior to construction.
5. "Tap" or "connection" fees that a public water system may use as a standard charge for new systems making a connection to their existing public water system may be eligible. In general, these charges must:
 - a. Reflect the cost of the actual connection to the public water system,
 - b. Be well documented and itemized,
 - c. Be consistently applied to all connections,
 - d. Not include anticipated costs or other costs the system may not incur,
 - e. Not be punitive in nature to prevent a particular system from making a connection,
 - f. Not also be included in a vendor contract.

Local fees that do not meet the criteria above, other than those associated with tangible construction (labor and materials) or inspection of new infrastructure associated with the grant, are not grant-eligible.

6. For projects extending watermain and connecting residents to the municipal water system, at least 50 percent of the residences proposed in the application must commit to connect prior to construction.
7. Completion of grant funded work does not constitute approval by the Department of Environment, Great Lakes, and Energy's Drinking Water and Environmental Health Division to meet a regulatory obligation. All compliance related questions need to be directed to your district engineer. All water systems need to meet required compliance deadlines and approval and execution of this grant contract does not alter a water supply's obligation to meet compliance deadlines.

Grant Administration and Close Out:

As mentioned previously, in Section IV, GRANTEE DELIVERABLES AND REPORTING REQUIREMENTS, the Grantee must complete and submit financial and progress reports and must include supporting documentation of eligible project expenses. Reports shall include the Financial Status Report Form with supporting cost documentation (i.e., vendor invoices), a report including a brief

description of work completed during the reporting period, and any delays occurred or anticipated. Reports shall be due within 15 days of the end of each monthly reporting period. If applicant chooses not to submit reimbursement requests monthly, the EGLE project manager must be notified that no submission will be completed for the month.

The Grantee must provide a final project report, which shall include a summary of work completed utilizing grant funds, including any significant lessons learned and anticipated needs going forward. The Grantee shall submit the final status report, including the Financial Status Report Form with all supporting documentation for expenses, along with the final project report and any other outstanding products within 30 days of substantial completion of the project or the end date of the agreement whichever occurs first.

Grant information including grantee name, grant award amount, and a project summary will be shared with the legislature and posted on EGLEs website.
