Dear AAPAC Board,

It has been quite the entry and challenges remain for me as I try to juggle responsibilities. I have found that I cannot be as responsive effective immediately.

I had thought I would be able to at least attend the monthly meetings, but have found that caring for my mother is taking more of my Wednesdays. This summer there were quite a few extra meetings that I was not expecting and found that I was overwhelmed.

Thank you for the opportunity to serve, for even a short time. I wish you all well and will watch from afar.

Sincerely,

Wasentha Young
