

Market Manager Report
Presented February 19, 2015

Operations

- The following vendor applications are now available on the market website (a2gov.org/market):
 - Daytime Markets Vendor Application
 - Daytime Markets Mobile Food Vendor Application
 - Wednesday Evening Market Vendor Application
 - Food Truck Event Application
- Priority areas for new vendor applications include:
 - Daytime markets: mobile food vendors, salsa, edible grains, dairy (yogurt, cheese, butter), maple syrup, nuts, edible fungi
 - Evening market: produce (particularly fruit), mobile food vendors, cut flowers, coffee, meat
- Additional cabinets will be installed in the market office in the next month. This storage space will be utilized for archived market documents. The closet space next to the women's restrooms will be utilized for cleaning supplies, so as to ensure the market electrical closet is free of prohibited items and all areas are in line with current health and safety regulations.
- Concrete repair needs have been communicated to the Parks Field Operations staff. A more detailed timeline for these repairs will be shared with the Commission in the spring.
- Interviews for Market Office Assistants will take place in March. Assistants will train in May and begin shifts in June on Wednesdays and Saturdays. These critical staff positions help to support the high volume of customer interactions, token transactions, and smooth market operations from May through December.
