

## Resolution endorsing the declaration of a CLIMATE EMERGENCY to restore a safe climate

We, citizens of Ann Arbor, are calling on the Mayor and City Council to pass a citywide resolution declaring a climate emergency.

**RESOLVED**, that Ann Arbor declares that we face an existential climate emergency that threatens our city, region, state, nation, civilization, the natural world, and humanity;

**RESOLVED**, that Ann Arbor officially commits to leading an emergency mobilization effort that, with appropriate financial and regulatory assistance from state and federal authorities, ends city-wide greenhouse gas emissions by or before December 31, 2025, and immediately initiates an effort to safely draw down carbon from the atmosphere;

**RESOLVED**, that Ann Arbor commits to educating our citizens about the climate emergency and the broader ecological crisis, and working tirelessly to catalyze a climate emergency mobilization at the local, state, national, and global levels to protect our citizens as well as all the people and species of the world.

**RESOLVED**, that Ann Arbor commits to a stable source of adequate funding to support climate action at the local level and to the sharing of lessons learned with peers from around the nation and world.

# Resolution endorsing the declaration of a CLIMATE EMERGENCY to restore a safe climate

We, citizens of Ann Arbor, are calling on the Mayor and City Council to pass a citywide resolution declaring a climate emergency.

**RESOLVED**, that Ann Arbor declares that we face an existential climate emergency that threatens our city, region, state, nation, civilization, the natural world, and humanity;

**RESOLVED**, that Ann Arbor officially commits to leading an emergency mobilization effort that, with appropriate financial and regulatory assistance from state and federal authorities, **ends city-wide greenhouse gas emissions by or before December 31, 2025**, and immediately initiates an effort to safely draw down carbon from the atmosphere;

**RESOLVED**, that Ann Arbor commits to educating our citizens about the climate emergency and the broader ecological crisis, and working tirelessly to catalyze a climate emergency mobilization at the local, state, national, and global levels to protect our citizens as well as all the people and species of the world.

**RESOLVED**, that Ann Arbor commits to a stable source of adequate funding to support climate action at the local level and to the sharing of lessons learned with peers from around the nation and world.
