Dear City Council,

I am writing out of concern of the weekly events that take place at Liberty Plaza "Pizza in the Park." It saddens me to think that many people in need would not be able to have a free meal and engage in social activity.

Please pass the Humanitarian Aid Ordinance in order to keep the doors open for other churches, charities and other organizations to engage in "random acts of kindness."

I am asking that the city of Ann Arbor be known as a city who cares and helps those who need it.

Sincerely,

Concerned Citizen
