Subject: Negative feelings toward proposed Cottages at Barton Green

Dear Planning Commission, As a community home owner just off of Pontiac Trail, I request the city support building a mixture of housing types, including single family detached homes on the 32 acres between Pontiac Trail and M-14. Rental apartments mainly for university students should be placed closer to the University or even within the university property lines. Traffic along Pontiac Trail is already extremely busy and 225 rental units with 566 parking places would put too big a strain on this strategic route into Ann Arbor proper and the Barton entrance-exit, onto M 14- US 23. Please consider keeping this area open to all, including families, elderly, and students, and not directed to a student only population. Sincerely, Laureen Kononen, 881 Brookside Drive, Ann Arbor, MI 48105
