

Packard Street Improvement Project

6/18/2025

Transportation Commission Meeting

**Chris Wall – City Project Manager
Andy Kaspor – Design Manager**

Project Area

- Packard Street from S. Main Street to State Street (~0.6 miles)
- Thoroughfare
 - Multi Unit Student Housing
 - Businesses
 - Bike lanes
 - Tier 1 Safety Corridor

Citywide Goals

Vision Zero

“By 2025, no one dies or is seriously injured in crashes on Ann Arbor’s streets”

Improved Bike Lanes
Special Emphasis
Crosswalks

Potential Bump Outs
For Reduced Width

Carbon Neutrality

“By 2030, our transportation system contributes zero emissions toward climate change”

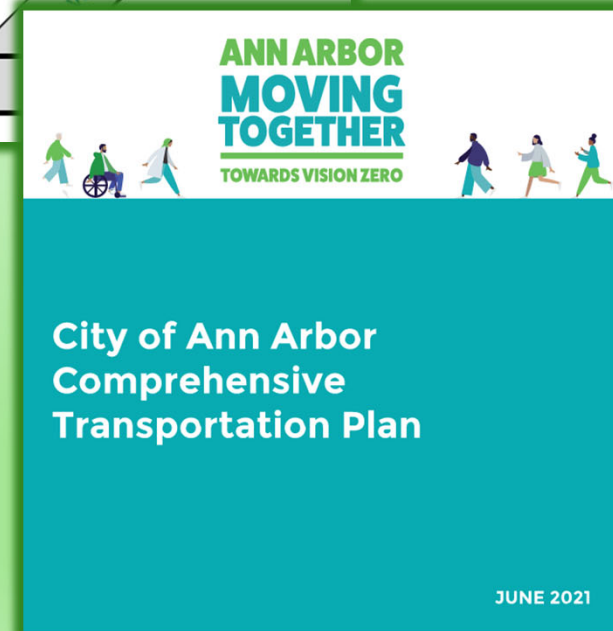

Green
Modes

Reduced
Emissions

Comprehensive Transportation Plan

	High Crash Location	Addresses Dangerous Behaviors	Quick - Build	Sidewalks	Crosswalk Safety	Bike Routes	Intersections of Biking	Accessibility (ADA)	Shared Mobility Options	Pricing Vehicle Trips	20-Minute Neighborhood	Signal Technology	Vehicle Technology
Packard Project	✓	✓	✓		✓	✓	✓	✓				✓	

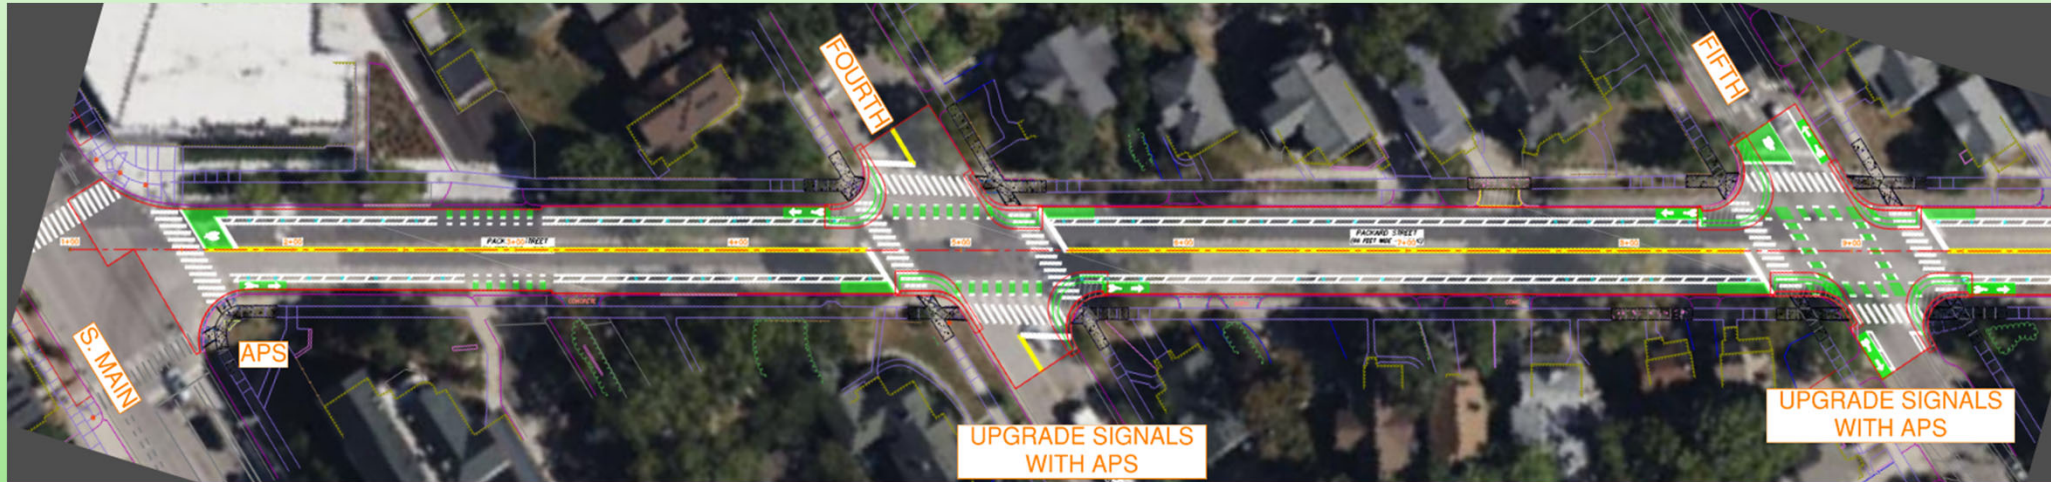

- Packard - Tier 1 Corridor
“Focus on safety”

Project Overview

- Install new 12-inch water main
- Pavement resurfacing outside of water main
- Sidewalk ramp improvements for American Disability Act compliance
