

**To:** Planning

**Subject:** Zoning changes/Improvements

Issue: public hearing on proposed changes to the Downtown Zoning Map and Zoning Ordinance to rezone parts of the East Huron Character Overlay District D1, as well as East Ann Street and North Fifth Avenue.

Many have worked for years to get these changes approved. The community has worked consistently for improvements in zoning. Participation of the community is desired and valuable.

I hope that the comments and input suggested for zoning changes by the Downtown and Near Downtown group will be accepted and implemented.

Respectfully,

Nancy Kaplan
