

## **EXHIBIT A SCOPE OF SERVICES**

The City of Ann Arbor, Michigan, is requesting proposals from licensed electrical services firms to provide scheduled and emergency electrical services required by the City of Ann Arbor Fleet & Facilities Unit, and to assist the Fleet & Facilities Unit as needed.

The scope of services will consist of individual tasks to be determined and assigned during the contract period. The type of work may include, but is not limited to; repairs and preventative maintenance of lighting (interior/exterior), general electrical systems, circuits/panels, EV charging stations, and other electrical components; diagnosis and tracking of electrical problems; installation of new work; emergency circuits and other electrical work as determined by the City.

The term of the contract will be through June 30, 2027 with one (1) two-year optional extension available at the City's discretion. It is understood that the submitted hourly rate proposals are to be honored over the term of the contract.
