**Subject:** Rezoning of Ann Arbor

As a landlord in Ann Arbor, I oppose the way in which this major rezoning plan is being rushed through without thorough investigation of the impacts on the city's infrastructure (e.g. capacity to manage traffic flow, drainage, water supply, emergency plans), natural environment (including water, major trees, open space), and the structure of the existing neighborhoods, which have long been considered among the most valuable of Ann Arbor's assets.

I urge that action on this plan be paused for a period of 7 months to 1 year to allow thorough examination of its implications.

Sincerely,  
Susan Wright
