Subject: Planned variance on South Ashley St

Hello,

I am a neighbor, and I received a notice of public hearing for the request for a variance on 630 South Ashley St.

I strongly support the variance. Any development that allows construction of additional residential units is positive for Ann Arbor, which suffers from an undersupply of housing.

I would also like to note that Ann Arbor as a municipality should loosen its zoning ordinances so that housing can be built with less processes such as this.
