(734) 794-6961 • fire@a2gov.org  
Serving Since 1889

## MEMORANDUM

TO: Milton Dohoney, Jr., City Administrator

FROM: Mike Kennedy, Fire Chief

DATE: November 12, 2025

SUBJECT: City of Dearborn Vehicle Lease Agreement Renewal

---

In 2023, an Interlocal Agreement was established between the City of Dearborn and the City of Ann Arbor to allow the leasing of fire vehicles between the two cities. The City of Ann Arbor utilized this agreement extensively prior to purchasing a second ambulance.

With the upcoming 2026 concerts, we plan to increase our ambulance capacity beyond the two we have for that weekend.

This document represents a routine two-year renewal, as authorized in the original agreement.

Although Ann Arbor's current need is for an ambulance, the agreement was intentionally written to allow the sharing of other fire department vehicles. Both parties agree that all vehicles must remain primarily available for use within their respective jurisdictions. Therefore, vehicles will only be made available when not actively in use by the lending jurisdiction.
