Hello to the Ann Arbor Planning Commission,

Thank you for unanimously passing the third draft of the Comprehensive Land Use Plan out of committee last night. It was a lot of work to get to this point and I think you should all pat yourself on the back, breathe a sigh of relief, and maybe have a stiff drink.

From following along over the past year, I think you did a really good job balancing a lot of competing visions while holding strong to the goal of a more affordable and sustainable city. I think that these zoning reforms, if enacted, will allow for new types of denser and cheaper housing in more places for the next generation of renters and homeowners in Ann Arbor.

I'll be advocating for the plan's passage.

Regards,
