Subject: Ann Arbor citizens very concerned about proposed zoning changes

To whom it may concern,

My husband (Jeff Horowitz) and I are very concerned about how the proposed zoning changes could impact our neighborhood. From what we've learned those involved in the planning are not being transparent and keeping Ann Arborites in the loop about the planning parts. This is unacceptable.

Furthermore, we do not believe having 4 stories, with any number of units, and any building footprint size appropriate nor desirable for single family and 2-family residential zones.

We will continue to oppose any efforts that do not include sufficient neighbors in this process nor that keeps the explicit planning goals out of view from the neighborhoods.

Sincerely, Michelle Segar and Jeff Horowitz
