Subject: Support Letter for Sue and Charlie Gott for ADA Addition

Hello Courtney and John,

We are writing to express our strong support for our neighbors, Sue and Charlie Gott (2661 Essex, Ann Arbor, 41804), in their proposal to add an ADA-compliant addition to their home. This addition is essential in enabling them to age in place comfortably and safely.

Sue and Charlie are valued members of our community, and their ability to remain in their home is important to all of us who care about maintaining the integrity and diversity of our neighborhood. We recognize that accommodating such a project not only benefits Sue and Charlie but also sets a precedent for inclusivity and accessibility within our community.

Furthermore, we are committed to collaborating with them to restore the site following construction. We will work together to ensure that the appropriate vegetation is installed to address any visual screening concerns, thereby maintaining the aesthetic appeal of our neighborhood.

We wholeheartedly endorse this proposed addition and respectfully urge you to approve their request. Supporting this project aligns with our community values of inclusivity and neighborly support.

Thank you for considering this important request.

Sincerely,

Neighbors, Gina and Peter Dahlem
2648 Manchester Rd, 48104
