

Resolution endorsing the declaration of a CLIMATE EMERGENCY to restore a safe climate

We, citizens of Ann Arbor, are calling on the Mayor and City Council to pass a citywide resolution declaring a climate emergency.

RESOLVED, that Ann Arbor declares that we face an existential climate emergency that threatens our city, region, state, nation, civilization, the natural world, and humanity;

RESOLVED, that Ann Arbor officially commits to leading an emergency mobilization effort that, with appropriate financial and regulatory assistance from state and federal authorities, ends city-wide greenhouse gas emissions by or before December 31, 2025, and immediately initiates an effort to safely draw down carbon from the atmosphere;

RESOLVED, that Ann Arbor commits to educating our citizens about the climate emergency and the broader ecological crisis, and working tirelessly to catalyze a climate emergency mobilization at the local, state, national, and global levels to protect our citizens as well as all the people and species of the world.

RESOLVED, that Ann Arbor commits to a stable source of adequate funding to support climate action at the local level and to the sharing of lessons learned with peers from around the nation and world.

RESOLVED, that Ann Arbor officially commits to leading an emergency mobilization effort that, with appropriate financial and regulatory assistance from state and federal authorities, **ends city-wide greenhouse gas emissions by or before December 31, 2025**, and immediately initiates an effort to safely draw down carbon from the atmosphere;

RESOLVED, that Ann Arbor commits to educating our citizens about the climate emergency and the broader ecological crisis, and working tirelessly to catalyze a climate emergency mobilization at the local, state, national, and global levels to protect our citizens as well as all the people and species of the world.

RESOLVED, that Ann Arbor commits to a stable source of adequate funding to support climate action at the local level and to the sharing of lessons learned with peers from around the nation and world.

Resolution endorsing the declaration of a CLIMATE EMERGENCY to restore a safe climate

We, citizens of Ann Arbor, are calling on the Mayor and City Council to pass a citywide resolution declaring a climate emergency.

RESOLVED, that Ann Arbor declares that we face an existential climate emergency that threatens our city, region, state, nation, civilization, the natural world, and humanity.

RESOLVED, that Ann Arbor officially commits to leading an emergency mobilization effort that, with appropriate financial and regulatory assistance from state and federal authorities, **ends city-wide greenhouse gas emissions by or before December 31, 2025**, and immediately initiates an effort to safely draw down carbon from the atmosphere;

RESOLVED, that Ann Arbor commits to educating our citizens about the climate emergency and the broader ecological crisis, and working tirelessly to catalyze a climate emergency mobilization at the local, state, national, and global levels to protect our citizens as well as all the people and species of the world.

RESOLVED, that Ann Arbor commits to a stable source of adequate funding to support climate action at the local level and to the sharing of lessons learned with peers from around the nation and world.
