RE: Proposed Outdoor Seating

To Whom It May Concern:

In relocating TAQ Restaurant up the block, we are applying for a new liquor license. The City of Ann Arbor has requested a proposed outdoor seating plan for the new location.

The new corporate entity and new location will utilize the sidewalk space outside of the restaurant. That will be 70 feet along E. Liberty Street and 70 feet along S. Fourth Avenue. We will have approximately 10-12 tables with chairs, umbrellas, and plants on each 70-foot section of the sidewalk, which you can see is a similar layout to the former restaurant space that utilized the space (image below via Google Satellite with a measurement reference). The outdoor space will be used in connection with the indoor space, with the same hours of operation every day 12:00 PM to 10:00 PM.

While we have had no complaints or problems in over 6 years with our current license, the existing restaurant entity and corresponding liquor license at 106 E. Liberty Street will not be renewed and will be closed permanently.

If you have any further questions or comments, please contact me directly.

Respectfully Submitted—
