Subject: 416 Longshore

As a homeowner in the immediate area of this proposed project I am vehemently opposed. The drawings are proposing a monstrous addition to a neighborhood of 70-100 year old homes, none of which are more than two stories. As it is the office building looks out of place but it has been in existence for at least 60 years. This project would encompass the entire lot and just be completely out of place in a neighborhood and adjacent to the Argo canoe livery. This project should be re-designed to fit the ascetics of the area.
