Subject: Comprehensive plan feedback

Hi,
I'm Hunter a student at U of M, I wanted to give my overall positive feedback for the comprehensive plan. I appreciate the plans direction to reduce red tape and become more business friendly through added density and commercial uses, especially in historically exclusionary areas. I would love to see this continue to go further, through specific wording and direction around eliminating minimum lot sizes as well as exploring pre-approved business plans.
Thanks for your great work and I hope this plan is implemented as soon as possible.
Hunter
