---

I am writing to express my concern re: this project to expand the buildings for Greenhills school. The construction and addition of an access road, etc. is not the issue. The school can certainly benefit from these changes. My concern, as a resident of Earhart Village, is the plan for the school to increase the enrollment from 545 to 750. The addition of 205 more students could have an increased negative impact to those of us living in this community.

As it is now, during the school year, during the morning drop off, it is challenging for residents to be able to drive from our cul de sacs and leave via Greenhills Drive. The afternoon pick up time is equally challenging.

Overall, Greenhills School is a good neighbor, but the drop-off and pick-up traffic is challenging. I bring this up as I think the issue should be raise during this time of planning.

Thank you for considering my concern and I apologize for the tardiness of this submission. I am unable to attend the meeting in person but wanted to submit my concern.

Again, my thanks,

Teri Turner, 774 Greenhills
