

Re: Proposed Zoning Changes

- 1- Why weren't the citizens of Ann Arbor informed of the zoning changes?
- 2- I don't support it and in talking to my neighbors they don't support it either.
- 3- This plan is only for developers.
- 4- What proof do you have that the citizens want some thing of this magnitude?
- 5- Zoning changes like this should be voted on by the citizens.
