Dear Mayor Taylor,

I would like to nominate Janet Lebson to the HHSAB for one of the member at large positions. She has been on the waitlist since May 2018.

I met Janet during her participation in the Citizen's Academy.

She lives at [REDACTED]

Is there anything else I need to do to recommend her?

I thank the HHSAB members who would like to be re-appointed, and I also think a new person would bring a fresh perspective.

Thanks,
Anne

Councilmembers,

I'm writing to ask you to financially support the A2Zero Plan. I have lived in Ann Arbor my entire life, and I am so proud of the fact that we are a community with progressive, forward-facing ideals. However, I feel it is our duty to follow up on these ideals and the plans that we lay with action. Approving the budget for the A2Zero Plan is the best way to follow through.

Thank you,
Hallie Fox

I'm a retired senior. Count me as opposed to to these annual \$150 increase for this, then that, (at a minimum), and it's actually more because no one seems to be looking at the aggregate impact. At every turn we are faced with a bunch of fee increases, over which we have no control. You think if you separate them we don't feel it?

We have so many who have lost jobs, or been greatly reduced. Hiring permanent positions at this time sends the complete wrong signal. Darn it, do more with less, like most of us are. Try the tough medicine. No one laid off or reduced at the "essential" city gov.

This message was sent from outside of the City of Ann Arbor. Please do not click links, open attachments, or follow directions unless you recognize the source of this email and know the content is safe.

Thank you so much for your assistance, Anne and Jeff.

We, at [REDACTED], oppose the sidewalk installation, as currently envisioned by City of Ann Arbor Staff.

City Staff has repeatedly sent confusing, often contradictory, and occasionally incorrect information to City residents, who are now expected to pay for the sidewalk installations.

Why now?

Why can't the process wait until after the Pandemic has ended?

One of the affected neighbors has been stuck in Canada for over a month and still cannot return home to Ann Arbor for the foreseeable future.

The other affected neighbors are retired, elderly, and are on fixed incomes; fearful of exposure to Covid-19, these folks are understandably afraid to even answer their doorbells when I attempt to visit.

How are we to build consensus during a Pandemic?

It is crazy to even *remotely pretend* that the residents affected by the sidewalk installation have had the time or ability to coordinate our resistance and express our concerns and doubts to City Staff regarding the City's sidewalk installation plan.

And, how are my neighbors -- whose front yards will get plowed-up and trees removed, and then get stuck with astronomical bills for sidewalks we do not want -- supposed to believe, with a straight face, that City Staff have done their due diligence vis-a-vis the sidewalk installation when the neighborhood most-directly affected by the planned sidewalk installation are unable to even meet to discuss our strategy?

Tell us: How much external funding does City Staff typically secure for other similar projects?

What is the typical proportion paid by property owners versus the City of Ann Arbor versus external sources of funding?

What is the percentage of sidewalk installation in the City of Ann Arbor is typically borne by residents? What fraction of this amount is typically paid by the City of Ann Arbor? What fraction of this amount is typically paid with Federal, State, or other sources or grants?

And how does that amount compare to the amount of burden that the small handful of residents will have to pay for the sidewalk?

The City of Ann Arbor Staff can start considering such a sidewalk installation project **only** when **they** (City Staff) has drummed up the same proportion of external funding for our sidewalks as is typical for other City projects.

The City of Ann Arbor is asking a small handful of residents to pay for an unneeded and unwanted sidewalk during a pandemic? In this time of expected budget shortfalls, why doesn't the City consider spending the sidewalk money on, instead, upon purchasing more N-95 masks for law

enforcement and the fire service?

Why do we need this now? We don't want it and we cannot afford to pay for it, then postpone it.

From the City Staff's very first outreach to the neighborhoods affected by the Barton Drive Project last fall at the Northside STEAM School, the outreach process has been faulty.

The City Staff failed to provide enough handouts and maps at this first meeting for all of the attendees to view. And the real-time consensus-building tool failed the first three times it was used, which took nearly an hour's worth of meeting time. And many residents – mostly, the elderly – attending this meeting left in frustration before these failures were remedied.

The City Staff and Council should let cooler -- and better-informed -- heads prevail and postpone the Barton Drive sidewalk project until after the pandemic is over.

The City can consider restarting these discussions when the City has secured the same proportion of external sources of funding for these sidewalks as it has for other, similar projects.

Thank you and good evening.

Zoltan Jung and Noemi Barabas

Subject: Please Vote For Climate Action
Date: Monday, May 04, 2020 9:44:16 PM

This message was sent from outside of the City of Ann Arbor. Please do not click links, open attachments, or follow directions unless you recognize the source of this email and know the content is safe.

Dear Councilmember Ramlawi,

Greetings, Sam Passmore here. I'm one of your Ward 5 constituents and writing today to ask you throw your weight behind Ann Arbor's Carbon Neutrality Plan.

I very much appreciate the City's leadership last year when Council voted to make Ann Arbor carbon neutral by 2030, and I think the implementation plan the staff has come up with is simply fantastic. Thank you to you and the rest of Council for accepting it back in April. I also appreciate that you would want more detail as we move down this very important road together. Of course, that detail won't come out of thin air. The City will need to make the investment in staff capacity to make the plan a reality, so that is why I support the Office of Sustainability's budget request for 3 additional positions in the coming fiscal year. Please take the lead on Council to make that a reality. I think of it as downpayment on our collective future.

Believe me, I know how hard it is to set priorities and make tough budget allocation decisions, particularly these days in the context of COVID. I work at a major private foundation based in Flint, and we are faced with such decisions every day. But if we have learned anything from COVID, it's that we must anticipate PREDICTABLE disasters, prepare for them, and head them off at the pass. Global warming is certainly one such crisis--the most important one of our time I would argue. We must show leadership in our local communities on the climate crisis, especially since it is so lacking at the federal level.

I apologize for not reaching out sooner. You've got a big vote coming up, and it's a lot easier to ask for such a vote when a relationship is already in place. Despite the social distancing requirements in place, I hope we have a chance to at least say hello virtually before your big budget vote later this month. I will follow up by phone.

Be well and thanks again for your leadership in this challenging time,

Sam Passmore

Dear Council Members,

I am writing to strongly endorse the nomination of Diana Cass for appointment to the Ann Arbor Human Rights Commission and to request that you please support her appointment at tonight's Council Meeting.

I have had the privilege of knowing and working with Diana for the past several years through my role at the Jim Toy Community Center, where she now serves as Vice President of the Board of Directors. Diana is a dedicated and thoughtful person who will serve our city with integrity and will work diligently to further the mission of the Human Rights Commission.

As a woman of color, a member of the LGBTQ community, an active community leader, and as EEO Program Manager & LGBT Veteran Care Coordinator at the Ann Arbor VA Healthcare System, Diana will bring a wealth of experience and a valuable perspective to the Human Rights Commission that will only serve to benefit our community.

Thank you for your consideration. I urge you to support her appointment.

Thank you!,
Travis

Ms. Beaudry.

Resolved, the city administrator shall solicit input from the willing Ann Arbor's merchant associations in the process in establishing social distancing as it effects the DDA district.

Thank you
Ali

Thanks for your comments regarding your frustration about the voting down of the alternative funding streams for the Barton Drive improvements. I completely agree, thanks for articulating the need to work collaboratively to find a long-term solution to special assessments, but the need in the short-term to live with the current funding mechanisms.

Erica Briggs
